Globalization and Governance

By -

Edward Elgar Publishing Ltd. Paperback. Book Condition: new. BRAND NEW, Globalization and Governance, Globalization raises important questions about the governing capacity of domestic institutions. In Globalization and Governance, Jon Pierre studies the impact of international norms and prescriptions on domestic governance in Japan, Sweden and the United States. The empirical analysis is focused on economic governance, administrative reform and intergovernmental relationships. Drawing on survey data, documents and interviews, the analysis finds that domestic institutions still intrinsically shape domestic governance. International norms towards deregulation and market-based administrative reform confront domestic institutions with prescriptions for reform but the three countries provide only very few examples of unmitigated domestic implementation. What Jon Pierre calls 'the microfoundations of globalization' - the assessment, adoption or rejection of international norms and ideas in vogue - is a complex process where domestic institutions and path dependencies remain at the helm. The most important exception to this pattern is governance during financial crises where countries are dependent on conditioned support from transnational institutions. This insightful and informative book will appeal to researchers, academics, post-graduate, as well as undergraduate, students in governance, political economy and international relations.

Reviews

I actually started looking over this publication. It really is rally interesting throgh studying period. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Dana Hintz

Good electronic book and valuable one. It really is basic but unexpected situations in the 50 percent in the pdf. You wont really feel monotony at at any moment of your time (that's what catalogues are for concerning when you ask me).

-- Elisa Reinger
