McGraw-Hill Education - Europe. Hardback. Book Condition: new. BRAND NEW, Investing Between the Lines: How to Make Smarter Decisions by Decoding CEO Communications, L. J. Rittenhouse, This is the essential guide to making smarter decisions by decoding CEO Communications Recommended reading in Warren Buffet's 2013 Shareholder Letter. Investing Between the Lines introduces a revolutionary method for evaluating the financial integrity of a company. You don't need special access to "insider" information or a degree in accounting to figure it out. In fact, the secret is right in front of you-in black and white-in the words of every shareholder letter, annual report, and corporate correspondence you receive. Investing Between the Lines shows you how to: decipher the "FOG" of confusing company communications; decode the real meaning behind corporate jargon and platitudes; separate the facts from the fluff in annual reports and quarterly earnings calls; safeguard your money by investing in companies that steward investor capital. Too often, corporate executives and investment professionals are expected to deliver short-term results. As a result, they are compelled to turn to accounting techniques and unclear language to meet these expectations. In Investing Between the Lines, L.J. Rittenhouse lays out her time-tested approach for recognizing at-risk...
