Rarebooksclub.com, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1916 edition. Excerpt: .hotel can well claim to be the largest resort hotel in this country, if not in the world. It is a fireproof structure of concrete and steel, faced externally with buff brick, with very elaborate and dignified trimmings. It covers a site 100 by 400 feet in plan and is seventeen stories high. The highest point of the main dome is 210 feet above the natural level of the sand. The foundations extend many feet down to a solid footing. This building has accommodations for 1400 people and has a very extensive public space, the main lobby being 250 ft. long. The new Hotel Traymore was built by the contracting firm of Cramp Co., of Philadelphia, after lines drawn by Price McLanahan, Philadelphia architects. Edison Portland cement was used in all of the concrete work in connection with the construction of this great building....
