GAO found that: (1) in order to maintain 1978 activity levels, the Older Americans Act (OAA) requires DOL to award SCSEP grants to national sponsors and those with proven track records; (2) of the \$410 million in SCSEP appropriations for program year 1994, \$234.5 million was distributed under the 1978 activity level provision; (3) DOL's use of the 1978 allocation pattern severely limited its ability to achieve equitable distribution among states; (4) appropriations statutes have overridden the title V funding provision to require that no more than 22 percent of SCSEP appropriations be allocated to state governments; and (5) in program year 1994, national sponsors administrative costs exceeded the 15-percent limit due to administrative expenses being charged to another cost category.
