

Offshoring

By John Urry

Polity. Paperback. Book Condition: New. Paperback. 200 pages. The concealment of income, wealth and profits in tax havens has brought the topic of offshoring into public debate, but as John Urry shows in this important new book offshoring is a much more pervasive feature of contemporary societies. These often secretive activities offshore also involve relations of work, finance, pleasure, waste, energy and security. Powerful and pervasive offshore worlds have been generated, posing huge challenges both for governments and for citizens. This book documents the various patterns of offshoring of the economy, sociability, politics and the environment. In each case, offshoring generates new patterns of power, reduces the responsibilities of the powerful offshore class, and limits the conditions for democratic governance. Offshore, out of sight, over the horizon are some of the troubling processes and metaphors by which much life has been rendered opaque and dependent upon secrets and lies. By analysing these patterns and processes, Urry sheds fresh light on the hidden worlds of offshoring and exposes the dark side of globalization. The book concludes by considering whether offshoring can be reversed whether it is possible to bring about the systematic reshoring of relations that would be good for democracy...

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Ally Reichel**

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
